### Another Stolen Car Recovered by Police

Atlantic City, N. J., Oct. 20.—Establishment of a permanent international organization of business ment for the purpose of eliminating unfair international trade practices, working out a better system of credit and finance in the international exchange of goods and acting as a clearing house for ideas with regard to manufactures and commerce is expected to result from the international trade conference which is to be held here this weekt.

This new organization probably will supplant the international congress of chambers of commerce and commercial and industrial associations.

Another Stolen Car Recovered by Police

With license plates removed and several tools missing, local police recovered an abandoned touring car on the Beloit road near the city limits yesterday, returning it to its owner, John Nolan, Beloit.

The cor was stolen in Beloit about 8 o'clock Saturday evening. Immediately upon discovering his loss, Nolan notified Gateway City police who later phened to Chief Morrissy to be on the look-out for the machine, with the result that a search yesterday revealed the missing car parked along the side of the road.

# **NEW DINNERWARE**

A large shipment of new patterns of dinnerware has just arrived. This will be welcome news to a great many people, as heretofore the patterns were so hard to get.

These sets are very fine, high class ware, designed on artistic lines, made by the leading American pottery. The decorations are beautiful effects in Persian designs, rosebud wreaths, green and gold band, dainty blue decorations or plain gold band.

We are now selling this ware as open-stock, you may select just the pieces you wish or either take them in larger sets. The prices are very interesting indeed, as we have figured them on a close margin.

It is a pleasure for us to show this dainty ware and also to give you an estimate of the number of pieces you may desire.

Special-We can also furnish white coffee or tea cups and saucers, plates, sauce dishes, bowls, pitchers, platters and vegetable dishes.

We are offering a lot of decorated ware in platters, oblong or round vegetable dishes, at very special prices.

### A GOOD INVESTMENT.

Janesville this week is going to experience the joy of making one of the best investments which will be offered the city. That statement takes in a lot of territory at this time when most any investment in Janesville is most promising. But this is without doubt the best investment any citizen can make.

We are going to have an opportunity to aid in raising some \$21,000 for the Y. M. C. A. We are going to invest for our boys. No one can dispute the fact that our greatest asset is our fine young fellows, growing into manhood. The Y. M. C. A. is and has been the center of youthful activities and because of the increased demands upon it. it must expand. Additional property has been purchased and changes in the building and arrangements for the proper conduct of business have been necessary. Money is needed to make up a deficit and to corry out some, of the work already started.

In addition to the funds which are to be raised, the membership list is to be increased. That indeed is an important part of the plan to make the institution stronger. Without members the money would be useless. The boosters in charge of the campaign declare that they are after 700 new members. Cannot we go a little farther and make it an even thousand?

This campaign for funds should be an introduction for another for sufficient money to build a new home stead of demanding pay for the removal of rubbish. for the Y. M. C. A. which will take care of the needs of a city which is growing as rapidly as Janesville.

### FLYING YET IN INFANCY.

The long list of fatalities in the transcontinental aerial race is gruesome and convincing proof that transportation in heavier-than-air machines has not yet been developed to the point of safety demanded for general adaption to commercial and personal use. The deaths of nine experienced army airmen flying the staunchest and most powerful machines in the service, with inspection of equipment every few score miles at control stops, have brought bitter realization that flying is yet in its infancy.

On the other hand, the spectacularly consistent performances of a half dozen flyers are evidence that if flying is in its infancy, it is a husky, promising youngster. Crossing the continent in approximately 25 hours actual driving time is an amazing achievement when it is remembered that less than 16 years ago the Wrights made the first successful sustained flight in the world, covering \$52 feet, and that less than 10

WHAT'S WRAPPED UP IN A LITTLE BOX? What's wrapped up in a little boy? All that makes for a father's joy; The pride that shall shine in a dimming eye And an old man's peace in the by and by; Strength perhaps for the manly deeds Which the world we live in so sorely peeds; Faith for the black, dark hours of test; Courage in trial to do his best. What parcels of splendor shall time unite For a little boy as the years go by?

There, in the baby that rides your knee When the stars come out, is the man-to-be. Wrapped in packages, O, so small That you see them not, are the virtues all. Deep in his breast He the future years With your happy days and your nights of tears. Time's deft fingers shall break the string Round many a comfort that lie shall bring. Do you dream of an age that shall glow with joy? Then it's all wrapped up in your little boy.

There are hours he's bringing when you shall sigh And your heart shall ache, in the by and by; Though he's O so young and he's frall and weak There are glorious words for his lips to speak; There are splendid deeds for his hands to do And parcels of pride which he's bringing you. Do you think at night as you stroke his hal Of the mysteries which are hidden there? All that you dream of and hope to sec-Is bound in the boy that bestrides your knee.

Time shall open these parcels small And round your feet shall the wrappings fall. Do you pray for an age that is sweet with mirth? Your baby brought it with him at birth. Can greater glory e'er come to you Than the greatest deed that your boy shall do? He is little now, but can't you see A hint of the man that shall some day be? And don't you know that your every joy Is now wrapped up in your liftle boy? Copyright 1919 by Edgar A. Guest

TAPOLEON is quoted as having said, "Right is on the side of the heaviest artillery." In other words that might makes

This cynical remark was characteristic of the age in which he lived, and expressed the thought which dominated the world for many years after his death.

·But a change has come over the world which has turned the whole thought of mankind into more wholesome, constructive channels. Where formerly he who had the power exploited his fellows, today the dominant idea is service and helpfulness.

In business particularly, is this idea apparent.

Today only those business institutions which render to the public a definite, specific service can hope to survive the changed ideals of the world.

The Standard Oil Company (Indiana) is bending every effort to conduct its affairs in such manner as to conform to these modern ideals.

It is the ambition of the Company to broaden the scope and intensify the service it renders the public so as to make every man who buys even a gallon of gasoline feel that he is receiving the greatest possible value for the money he spends.

It is the Company's steadfast purpose to make every product it manufactures of the highest quality possible, thereby keeping its activities in step with the changing

With a view to making the 1919-20 season of the city's leading musical organization, the Apollo club, the greatest success in history, George S. Parker, president of the club, stated today that an active membership campaign would be staged shortly so that the club may be completely organized for the first concert which will be held in November.

concert which will be held in November.

It is the desire of officials to obtain renewals of old memberships and also to secure as many new residents of the city as may be possible.

Mr. Parker announces that the first attraction will probably be a recital by the Milwaukee MacDowell club with Mrs. Georgia Hall-Quick as planist. Other attractions planned are: Edna Darch, who has the finest voice ever heard in Chicago according to critics there; Miss Manker, a planist with an International reputation; Reginald Von Celtch, violinist: George Rasely, tenor; and Myna Sharlow, the young prima donna of Chicago opera.

George Rasely, tenor: and Myriat Sharlow, the young prima donna of Chicago opera.

The Apollo club has been in existence here for 12 years and during that time has done much to preserve the musical atmosphere of the city. It was organized as a study club but later discontinued this to engage artists of national reputation. The club stands for the best in music, is supported by subscription, attendance being limited to members except on special occasions.

Directors have voted the largest appropriation for artists this year in the history of the club. The present officers are: George S. Parker, president; Mrs. John G. Rexford, vice-president; W. F. Bosworth, secretary; and William Bladon, treasurer.

As Ladydear guided the big plane towards the little Swiss village where she was going to tell Signor Angelo of the kidnapping of Jack and Jane she tried to think of ways an which she and Captain Brave might get some trace of the men who stole the children. But there seemed to be no way of finding out who they were or where they had taken Jack and Jane.

After she had been flying for two or three hours she found herself over the grape country in northern Italy where she and Captain Brave and the children had visited with Como and his family.

"Perhaps Como might help us," she said to herself as the big plane whirred along. She looked at the maps Captain Brave had given, her and decided as nearly as she could where Como's home was. Then she headed for it. At last she came to the village she knew to be a few miles from Como's house and then, circling low near the ground a little way beyond, she saw Como's house and landed in a field near it.

Chicago Oct. 20.—Although lightness of offerings gave an upward tilt today to the corn market, the advance was not maintained. Downturns in the value of hogs had a bearish effect. In addition, many traders expressed doubt of the reports that farmers generally were adopting a holding policy. Opening prices, which ranged from 14 t. 27 to \$1.27 14, and May \$1.25 14, were followed by a sag all around to well below Saturday's finish.

Oats were steadier than corn. This stability was ascribed largely to recent big sales to exporters. After appning unchanged to 35c higher, including December at 71% to 572, the market remained at about initial figures.

# BLUE TEAM LOSES TO MONROE, 6-0; POWERS, BLACK STAR

Local high school gridiron fighters suffered another heart-breaking defeat at the fair grounds Saturday afternoon, when they were forced by the Monroe eleven to take the small end of a 5 to 0 score. Wood, the fast halfback for Monroe, who broke through in the first few minutes of play and made a 35 yard run down the field to the 10-yard line, later going over for a touchdown, was mainly responsible for Janesville's defeat. The remaining time of the half was spant by the visitors in making steady gains, but at no time were they again able to send a man over the goal.

The second half was a repetition of the last of the first half. Monroe at times showed speed which should have been developed, but the Blue and White displayed remarkable resistance to the attempts of the heavy invaders. Although outweighed by Monroe nearly 15 pounds to the man, Janesville stopped all further attempts to get within plunging distance of their goal.

The playing in the last half was not of the exciting kind. One or two times Janesville held in the shadows of their goal for downs, but the greater part of the playing was carried on in the center of the ided.

Powers, game little captain of the Janesville team, and Black were easily the stars of the game. Many times they went over for short gains, but the attempt proved to be fruitless as the ball would be either lost on downs or by a fumble. The Janesville team was not outclassed or outplayed. It was Monroe's luck and Monroe's day. At the Start of the game it looked as if Janesville was outclassed, but the Blue and White came back after that first spurt and showed that the Monroe score was made before the Janesville team was hardly into the game for a week or two, owing to injuries received in Saturday's game.

The Janesville team is not discouraged by its second defeat of the season and this week's program includes a strenuous workout in propuration for the game with the deat mutes at Delavan Saturday.

# LEAGUE CHAMPS PLAY 12 INNINGS TO TIE

Fort Atkinson, Oct. 20.—The state semi-pro championship is as much undecided as ever, for the big struggle between the champion Manitowors of the Lake Shore league and Whitewater, flag winners of the Central league, resulted in a draw here Sinday afternoon. The two teams hattled for twelve rounds both teams failing to score in this time, when the game was called to permit the Manitowoe players to make train connections.

connections.

With the championship title of Wisconsin muddled up as it never was before, efforts are now being made to rematch the two contenders for another game next Sunday, possibly to take place in Milwaukee, when it is hoped that the situation will be clarified.

for another game next Sunday, possibly to take place in Milwauker, whon it is hoped that the situation will be clarified.

Sunday's struggle here was one of the licrost fought of the season. Both teams played sparkling baseball and one spectacular play after another kept the crowd on its toes throughout.

Diek Crutcher, former Boston Brave pitcher, and Jim Dodge, the Central league star, who opposed each other on the mound, fought the hottest duel of the year. Both arrists hurled a brand of bail that was imbentable, and the men behind them backed them up like tigors, but a single babble being made during the long proceedings.

Dodge held the Herzog stuggers to four safe hits and struck out sixteen men, while Crutcher yielded six blows to the champs, from Whitewater, fourteen batters bowing to him on strikes. Then Manitowocs had affine chance to score in the ninth with men on first and second, but Ray Brielmaier nalled Joe Wilson's long drive, which easily looked good for three bases.

Chas. C. White. Well-known breder Tells How. Costs Nothing To Try.

"I gave Don Sung to 34 utility Buff Orpingtons and the egg yield increased from 7 to 28 a day. Don Sung is a wonder and I am now giving it to all of my hens regularly."—Chas. C. White, Manager Cherry Hill Farm, Flackville, Ind.

Mr. White is the well known breeder and exhibitor. He wrote the above letter in December, after his test had shown a gain of 21 eggs a day from 34, hons. We will make you the same offer we made him. Here it is:

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be promptly refunded.

Don Sung (Chinese for Egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the ben's health, makes her stronger and more active in any weather, and starts her laying.

Try Dan Sung for 30 days and if idoesn't get you the eggs, no matter how cold or vect the weather, your money will be refunded by return mail. Get Don Sung from your druggist or ponitry remedy dealer or send 50 cents for a package by mail prepated. Burgels Dugger Co... 249 Columbia Bidg., indianapolis, Ind.

# ILLINOIS LEADS IN

By N. E. BROWN.

Young Mister Pat Duncan, whose name isn't really Fat at all, helped make the world series a triumph for the state of Ohio. Duncan, a rookle, had been farmed back to Battle Creek and had been traded to Birmingham for Pitcher Burleigh Grimes before he heard the call.

He landed with Birmingham in 1917 and proceeded to make a name for himself as a slugger and a clever outfielder. Moran realized early this season that he needed one more Al outfielder and the best his scouts could offer was Duncan. Which proved to be about enough.

If anybody had told Pat early in With victories over Purdue at the call.

though Illinois played a sparkling contest, experts agree that the team is not a finished machine and that its line must be strengthened before meeting other clevens of the conference.

# By George McManus. FAIRIES ARE BEATEN BY GUNTHERS, 3-2

Chicago, Oct. 20.—Joe Benz rang down the curtain on 1919 baseball in Chicago yesterday when he poled the ball over the fence at Gunther park, winning the most sensational semi-pro game of the season for the home team from Fairbanks Morse of Beloit, 3 to 2, in fourteen innings. Two were out when the home pitcher pounded out the winning homer. The game was a great performance. Not an error was made by either team in spite of numerous sharp wallops, and Baxter and Irls-coll pulled spectacular catches. Joe Kilby retired twenty-four men at first base. Benz did not pass a. man and Mike Prendergast only two.

### PRISONERS GO STRAIGHT

Philadelphia—Of the 3,100 men on parole from the Eastern penitentiary, 2,700 have gone straight, according to official announcement by Warden Robert J. McKenty, The warden declared that a recently discharged prisoner, who earned more money in prison, than before he was sent there, is now making a large salary as salesman for a big automobile concern.

U. S. Cartridges are sold with the broadest guarantee ever made on ammunition. It is simply this: if you don't like them, get your money back.

Every dealer who carries U.S. Cartridges is authorized to refund, on demand, the price of the whole box to anyone who doesn't like them, and returns the unused part of the box.

There is no 22 Long Rifle cartridge as accurate at distances from 50 to 250 yards as U.S. 22 N.R.A. Long Rifle Learnok Cartridges. This is 50 more yards of accuracy than has hitherto been possible with 22 rim-fire ammunition. Solid bullet for target work. Hollow-point bullet for small

> TOTHING like following up a good show with a good smoke—Chesterfield.

> No ordinary cigarette, this. Mellow as an old friend, but rich with flavor-the kind that goes right to the spot.

Our own buyers in the Orient select for us the choicest Turkish leaf. We blend with this several varieties of specially selected Domestic tobacco. This blending-by a secret method—brings out new qualities of flavor that other and less expert methods fail to find.

That's what we mean by "satisfy"-an entirely new kind of smoking enjoyment that you get in Chesterfields only-nowhere clse; for the blend is a closely guarded secret. It can't be copied.
